Vision

Realization of Glimpses of a Golden India in the real(rural) India which lives and abounds in its villages. GNDEC will excel nationally and distinguish itself as a recognized preeminent leader to serve this 70% Brotherhood through its socio economic upliftment by exposure of the have-nots to Engg. & Technology thereby grooming them as technically competent and intellectually-vital Graduates through practically focused quality learning experiences, and thus assuring productive Careers for them.

Mission

Upliftment of Rural Students through technical education. Respond to local societal needs by developing selected 'targeted research projects'. Quality training programs in need based modern technology. To promote culture of self-employment. To impart non-formal education to unemployed youth. To inculcate moral, ethical, spiritual values in education at all levels

GNDEC at Glance

GNDEC at a Glance Guru Nanak Dev Engineering College (GNDEC) was established by The Nankana Sahib Education Trust with a mission of "Removal of Economic Backwardness through Technology" for the upliftment of the vast weaker section of Indian polity comprising Rural India. This commitment was made to the nation on 8th April, 1956, the day foundation stone of the College Building was laid by Late Dr. Rajendra Prasad Ji, the First President of India. The thrust is on practical learning and the empowerment of the disadvantaged sections is given considerable importance. Nearly 15,000 graduate and 3500 Post Graduate Engineers have passed out from this college during the last 57 years and are at present successfully employed in India & abroad. The College has also been identified as First QIP Centre of Punjab by All India council for Technical Education (AICTE) for Ph.D Programme and is one among the existing 42 QIP Centres including IITs at National Level. In last five years, the faculty has published around 225 research papers in National/Internal Journals and more than 450 papers in various conferences in India and abroad. Around 25 teachers have attended International conferences and other interactions under DST/AICTE/PTU travel grant program. More than 40% teachers are having Ph.D degree and another 40% teachers are pursuing Ph.D. 35 Research projects, Seminar Grants and STTPs have been granted by DST, AICTE, IE(I) and PTU to faculty members. A well-established library with 72,000 books, on-line Journals (ASME, Science Direct, IEEE etc.) & other Resources are available through INDEST. Science & Technology Entrepreneurs Park (STEP) was established by DST in 1987 and is successfully acting as an Incubator and training engineers to be entrepreneurs.

Principal's Desk

Dr. Sehijpal Singh

Guru Nanak Dev Engineering College, Ludhiana (an autonomous college under UGC Act), established in 1956, was set up under the aegis of Nankana Sahib Education Trust, devoted to the cause of rural education to meet the growing demand for technical and professional manpower and industries. We are proud that this institution has consistently maintained its tradition of excellence in the field of technical education till date.

The college has been declared an autonomous college by UGC, New Delhi on 17.8.2012. The college has privilege of starting PhD degree under Quality Improvement Programme (QIP) by AICTE, New Delhi. The college has been accredited with 'A' Grade by NAAC. The college has attained ISO 9001:2008 Certification and the UG programmes are accredited by NBA under the New Outcome Based System under Washington Accord. The institute imparts instruction in eleven Postgraduate M.Tech courses both on regular and part time basis. A dedicated research environment is provided to the researchers leading to PhD degree programme. The perseverance and dedication of the entire staff is so high that it is effervescent to evolve problem-solving strategies for the betterment of the students. Numerous ongoing projects by AICTE, MHRD, CSIR, TEQIP-II/FIST etc. further enrich the faculty and the institution. The college has been granted FM radio station under Community FM Scheme by the Centre. The college believes in strong industry institute collaboration for which the testing and consultancy cell established by the college works rigorously by sharing its expertise with industry. I take this opportunity to welcome the students from the core of my heart, and assure their parents that the college will further register tremendous progress on all fronts with its sincere, dedicated & progress

Coordinator's Message

Dr. Harwinder Singh

Guru Nanak Dev Engineering College has been awarded TEQIP-III in the month of March 2019 under sub component 1.3 and Atal Bihari Vajpayee Government Institute of Engineering & Technology, Shimla (2011) is allocated as mentee institution to our institution. I along with our team work hard to achieve best quality in education, training and skills of our students and teaching/non-teaching staff.

TEQIP provides us every type of support and full assistance for achieving this goal. We encourage faculty/staff and students to participate and attend various training sessions, FDPs, workshops, seminars, conferences etc. The students of all departments are provided remedial classes for weak subjects, GATE coaching classes and many other programs.

Dr Sewak Singh, former professor, Punjabi University Patiala (the first expert) spoke about the role of the mother language in mental developments of the child. By birth, a child learns, understands, speaks, and most importantly expresses in the mother tongue. And that's what effects his mental growth. These thoughts were further carried forward by the second expert, S Mehtab Singh, research fellow, Panjab University Chandigarh. He also laid a very informative insight to the Gurumukhi lipi and informed about its history and how future would see Punjabi as one of the strongest mediums of communication all over the world.

GNDEC principal Dr Sehijpal Singh shared his views on the occasion, saying that complete knowledge of mother tongue was essential for every person to progress in their life. He also thanked experts for cultivating the students and staff of GNDEC with wonderful facts about Maz Boli. Thereafter, to conclude the session was a question-answer round for students, in which students who gave deserving answers were rewarded with gifts.

Lecture on womanpower
