**Department of Training and Placement Cell**

**Report of HR SUMMIT 2020**

**DATE:** 04 February' 2020

**Venue:** Radisson Blue Hotel, Ludhiana

**Topic :** Bridging Gap between Industry and Academia

Today's technology has paved the way for better communication between the industry and academia. To promote proactive exchange, Guru Nanak Dev Engineering, College in association with Confederation of Indian Industry organized an HR summit on "Bridging the gap between Industry and Academia" at Radisson Blu, MBD Neopolis, Ludhiana. The event commenced with registration of various experts and panelists. There were total 45 registrations among which 8 were panelists.

The event started with the formal welcome by Dr. Sehijpal Singh, Principal, Guru Nanak Dev Engineering College, Ludhiana. A brief presentation about the college was done by Pf. G.S.Sodhi (TPO). CII vice chairman Punjab Er. Rahul Ahuja also availed the opportunity of addressing the gathering. Then it was followed by speech on "Expectations from the industry" by Arushi student of final year ECE. All the panelists were invited on the stage to hold panel discussion on the following key areas.

1. Development of student's proactive attitude approach towards the industrial culture.
2. Bridging gap between industry and academia.
3. Engaging industry towards development of Technical and Soft skills of students.

These topics were deliberated for almost 2 hours. After this students and HRs were given the opportunity to ask questions from the panelists. All in the entire event was a great success, accomplishing the intended goal of shortening the gap between companies and students.
