### REPORT

The two days training camp organized on 21<sup>st</sup> and 22<sup>nd</sup> January, 2021 under TEQIP-III for imparting practical training of first aid as well as fire safety measures to staff was very useful and informative. There was lot of curiosity among participants for attending this course. All the participants were very confident that if such situation arise, they can easily handle the same. The trainer taught every aspect in detail and practically. I am of the opinion that such training camps should be organized after a short interval as it is helpful in updating information.
