

Activity Report of TEQIP-III Sponsored One day Workshop on “Hands-on-Training for Digital Teaching Aids”

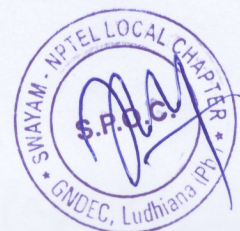

(January 07, 2021)

SWAYAM-NPTEL Local Chapter, Guru Nanak Dev Engineering College, Ludhiana organised TEQIP-III Sponsored one day Workshop on “**Hands-on-Training for Digital Teaching Aids**” on January 07, 2021. Event was inaugurated by Dr. A.S. Chawla, Vice-Chancellor, RIMT University, Dr. Sehijpal Singh, Principal, Dr. Harwinder Singh, TEQIP-III Coordinator, Dr. Narwant Singh Grewal, Coordinator, SWAYAM-NPTEL Local Chapter, Prof. Lakhveer Singh Khana, SPOC, SWAYAM-NPTEL Local Chapter.

Around 100 faculty members from the parent institution registered for this workshop. The objective of this activity was to impart hands-on-training on digital teaching tools and make the faculty familiarized with various teaching tools so as to further improve teaching-learning process and cater to the needs of this changing time.

Chief guest of the workshop, Dr. A.S. Chawla interacted with the participants and focused on being adaptive with varying teaching tools and methodology to bring a positive change in education system.

Mr. Harsimrandeep Singh, Promark Techsolutions Pvt. Ltd. explained various features of device “Smart Interactive screen” so that the students can be taught in the best possible and interactive way with the use of this device. Every little detail of this digital device was demonstrated by the expert so as to facilitate the content delivery by faculty through online mode. Moreover, Faculty members were highly enthusiastic to use this innovative device for their courses and they discussed their queries e.g. incorporating graphics, diagrams, equations or various illustrations in

context of their courses. Overall, feedback received from participants was highly satisfactory.
This workshop was appreciated and well-received by all.
