

## Activity Report

**Name of Event:** Webinar on “Women Safety, Rights and Gender Equality”

**Date:** 9<sup>th</sup> July, 2020 **Venue of Event:** Online through Freeconferencecall platform

### **Event Content and Expected Benefits Derived and how it will helpful to the college:**

Webinar started with the introduction to the broader meaning of the title of the webinar. The discussion of women qualities has been done to empower not only girls but to also aware male participants of the event. The brief description of ICC (Internal Complaints Committee) has been talked about. The women rights and their potential was discussed through real life examples.

The empowered students and women employees can bring the change in the society and which in turn can improve the quality of education and security. This webinar was quite useful for improving the campus environment and making it more secure for not only female students but also for women employees of the college.
