

ACTIVITY REPORT (AMLTA'2020)

Five days Webinar series on “**Atma-Nirbhar Bharat: Transmutation from Privation to Exuberance**” was organized by Mechanical Engineering department, National Institute of Technical teacher’s training and research , Chandigarh, India from 27/7/2020-31/7/ 2020.

It aimed at the vision of the Hon’ble Prime Minister of India making India a self-reliant nation Atmanirbhar Bharat (Self-reliant India) . The eminent experts of the webinar series deliberated on the role of Higher Education Institutions in strengthening the pillars of the Atmanirbhar Bharat Abhiyan. They stressed upon the formation of research group consisting of multidisciplinary research interests including: Networks, Intelligent Environment, bio-informatics, cheminformatics, and information security. Encouraging young academic researchers to collaborate within a well-established research community.

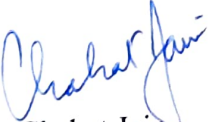

Themes of 5 days Webinar Series were:

1. Unlocking \$ 5 trillion Economy
2. Rurbanization
3. Evolving Social Teaching Learning
4. Ushering Vibrant Demography
5. Forecasting and Fostering Demands

Participants were selected on first come first serve basis where I also, had an opportunity to be a part of the same.

Daily questionnaires were organized in which the participants were rated out of 5 where I got the overall 5 day rating of “3”.

Overall this *webinar series* provided an insight to both theoretical and practical knowledge for the foundations that will lead to a **Atma-Nirbhar Bharat**
