

Activity Report

Name of the Event: Professional Development Training (PDT)

Date and Venue: 9th Dec 2019 to 13th Dec 2019 at IIM Visakhapatnam, India.

Course Contents: Effective Teaching Strategies & Techniques in Higher Education, Prioritization of Tasks, Case Based Teaching, Project Management, Research in Dynamic Environment, Effective Communication: Key to Success, Personal Branding, Decision-Making Using Spreadsheets, Publishing in High Impact Factor Journals, Best Practices in Project Institutions, Effective Strategies for Stress Management, Accreditation & Ranking of Higher Educational Institutions, Educational Psychology: What Educators Need to Know About Students, Strategizing for World Class Campus, Experiential Exercises, Incubation and Entrepreneurship Development, Financial Management in Academic Institutions and ICT-enabled Pedagogy

Expected benefits delivered & how it will helpful to the college: The PDT that I have attended at IIM Visakhapatnam will be helpful in using ICT tools for effective teaching. Moreover it is quite beneficiary in research and publications as one complete session was on publications in quality journals. I will address unnecessary stress generated at all levels in my institute. I will suggest the Management/Principal to update the college infrastructure. I am of the view that HODs and Principal should attend such type of trainings so that our institutes can grow in today's scenario. As well as fulfill accreditation and ranking requirements.
