

Activity Report

Name of Event:STTP on BLOCKCHAIN TECHNOLOGY

Date & Venue of Event:01.12.2020 – 05.12.2020

Course Content:Overview of Bitcoin and Blockchain Technology, Ethereum Blockchain, Algorithms and Techniques, Trust Essentials, Practical Session and evaluation test

Expected Benefits Derived & how it will be helpful to the college: The students of pre-final and final year of CSE and IT departments gained basic knowledge about blockchain technology. The students were motivated to learn and aspire research in the field and implement project using concepts derived from blockchains. They understood the importance of this new technology in today's world and how the changing world is moving towards Blockchains. Various concepts such as permissioned and permission-less blockchains were discussed. At last, students performed very well in the evaluation test.
