

Activity Report

Name of the Event: 3 Days Workshop on "Train the Trainer on Examination Reforms"

Date & Venue of the Event: 09th-11th January 2020 at KLE Technological University,
Hubballi, Karnataka

Course Contents: Need and Elements of the Outcome Based Education (OBE). Course Outcomes (CO) with Bloom's Taxonomy, Performance Indicators (PI) and Program Outcomes (PO), Rubrics etc.

Expected benefits derived & how it will be helpful to the college: In the era of globalization, traditional education system is losing its relevance. More skills are required with very fast developing technology. The educational institutions should produce graduates to cope with technological development. Thus to overcome this requirement, aforementioned workshop had focused on the Examination Reforms and Outcome Based Education (OBE). Most of the concerns shared in this workshop are already implemented in our institute.

Dr. Pankaj Bhambri
