## **Activity Report**

Event Name: 28th CIRP CONFERENCE ON LIFE CYCLE ENGINEERING

**Date**: March  $10^{th} - 12^{th}$  2021

Venue: Jaipur, India

Activity: Participation

Initial Sate of Submission: May 21, 2020

Date of completion: Jan 19, 2021 (accepted)

Paper Title: An Investigation of Energy Efficiency in Finish Turning of EN 353 Alloy Steel

Presented by: Dr. Raman Kumar

Published in Procedia CIRP (Elsevier)

Authors: Dr. Raman Kumar\*, Dr. Paramjit Singh Bilga, Dr. Sehijpal Singh

\*Corresponding author

Mechanical Engineering Department (GNDEC)

Guru Nanak Dev Engineering College

Ludhiana

The paper titled "An Investigation of Energy Efficiency in Finish Turning of EN 353 Alloy Steel" is presented in "28<sup>th</sup> CIRP CONFERENCE ON LIFE CYCLE ENGINEERING. The paper is published in Scopus indexed *Procedia CIRP* (ISSN: 2212-8271) *Elsevier*. The journal has a Cite Score of 3.6. Participation in this conference and publication in the scopus indexed journal will benefit the college in increasing the NIRF ranking.

Dr. RAMAN KUMAR

**Assistant Professor** 

Mechanical Engineering Department (GNDEC)

Authors: Dr. Raman Kumar\*, Dr. Paramjit Singh Bilga, Dr. Sehijpal Singh
