

Report on Workshop "IP Commercialisation & Technology Transfer"

Date: 12-2-2020

Venue: IIT, Ropar

A One day Workshop on IP Commercialization and Technology Transfer was organized by Technology Innovation Support Centre, Punjab State Council for Science and Technology in collaboration with Cell for Promotion and Management, DPIIT, GoI and IIT Ropar on 12-2-2020. Prof. Simranjit Kaur (Convener, IPR Cell) and Prof. Preeti Pannu (AP, ECE) attended this workshop. The workshop was divided into two Technical Sessions. In the first session topics like IP Facilitation : Patent Search, Filing and Processing etc were being discussed. In the second session, the processes and Intricacies involved in the process of technology transfer were being discussed in order to boost the trend of innovation in ecosystem.

Expected Benefits: This type of workshop will help the college particularly in strengthening the IPR Cell of the college by adopting new ideas and organizing new activities related to filing of projects and other research material under patents or other IPRs.
